

Clear Communication for any Application

Genesis

- Removable front grill to easily wash away dirt and other debris
- Dual grill provides immersion and high pressure water seal
- Optional watertight accessory connector available

Explorer

- Flexible contoured earhanger that can be easily adjusted
- Right or left ear compatibility
- Quick disconnect acoustic tube with multiple ear insert options

Hurricane

- Performance of a heavy-duty headset without all of the weight and bulk
- Easily converts from high noise to low noise environment
- Noise reduction rating (NRR) of 25dB with use of noise attenuating plugs

Quick Disconnect Adapter

- Standard on all Surveillance Kits
- Allows users to easily replace or alternate acoustic tubes (i.e. multiple shift operations)
- Unique cable retention feature eliminates strain on the earphone
